# ABOUT US

**4** DECADES  
OF EXPERTISE  
IN EXECUTING METALWORKS

VINTON was established in the year 2000 under the guidance of Mr.A.T Sixtous, a visionary who possesses decades of expertise in the field of Mechanical Engineering. M/s. Sixto & Company, founded in the year 1983, has a proven track record of more than 4 Decades in offering engineering solutions to major institutions in the state, including Cochin Shipyard Ltd, Cochin Port Trust, Coir Board of India, to name a few.

## A Chronicle of Excellence

**1983**

Sixto & Co. Established in the year 1983 for executing quality machining and fabrication works of Cochin Shipyard Ltd.

**1990**

Started manufacturing of motorised coir rath for coir board of India and delivered to all major states of India.

**2000**

Vinton, established in the year 2000 as an extension of Sixto & Co. for undertaking Cochin Shipyard metal fabrication work

**2010**

While concurrently establishing itself as one of the best executors in Cochin Shipyard, Vinton expanded its operations to encompass architectural works.

**2018**

Shifted the focus exclusively to Architectural Metalworks, introducing a new vision called AMW and successfully executing numerous challenging projects.

**2023**

Achieved the position of the premier architectural metalwork project executors in Kerala, renowned for our commitment to Quality & Delivery, and expanded our operations to execute projects across India.

# VISION

To provide the world access to create and experience the innovative elegance and luxury of metalworks.

# MISSION

Vinton specializes in crafting bespoke metalwork solutions that transcend expectations, blending tradition with cutting-edge technologies and metal crafting techniques. As the trailblazer in India's architectural metalworks landscape, Vinton is dedicated to igniting inspiration and fulfilling the diverse needs of architects, designers, and builders.

Beyond proficient craftsmen, we consider ourselves collaborators and visionaries, reshaping environments with unwavering passion and commitment. Vinton aims to set the standard in architectural metalworks renowned for our excellence, integrity, and ethical practices. We cultivate a nurturing work culture that attracts and retains top talent, valuing each individual's expertise and contributions.

As India's premier architectural metal service provider, we aspire to establish a lasting legacy that extends far beyond national borders. Our vision encompasses global expansion while ensuring the enduring prosperity of our company and our people. We pledge to operate with fiscal prudence and steadfast dedication to sustainability, reinvesting in both our human capital and technological advancements.

At Vinton, we are driven by a profound reverence for the artistry and heritage of metalworking, coupled with an unwavering commitment to pushing the boundaries of design and innovation.

# ARCHITECTURAL METALWORKS

Architectural metalwork combines the rare qualities of  
**EXPERTISE + CRAFTSMANSHIP + TECHNOLOGY**  
a product that is fabricated and installed to the  
highest standards.

EXPERTISE + CRAFTSMANSHIP + TECHNOLOGY

Vinton's legacy in Architectural Metalworks stands as a testament to decades of experimentation, research, and development. The in-house processes honed over time form the foundation of our craft, creating customized AMW that are truly invaluable to patrons who appreciate the artistry in architectural metalworks.

AMW

# SERVICES

## Consultancy

Specializing in architectural metalwork, we provide consulting services to architects, builders, and developers, offering expertise in the selection, feasibility, and implementation of architectural metal elements in construction projects.

## Project Execution

Coordinating design, fabrication, installation, and project management to achieve a successful on-time completion of projects meeting quality and safety standards.

## Custom Manufacturing

Custom manufacturing in architectural metalwork involves producing unique AMW projects tailored to its specific requirements. It allows companies to deliver one-of-a-kind solutions that perfectly match its design and functional needs.
